

***Sunday 14th July 2019, at 11.00am***

Welcome to the annual Burton Leonard 10K and 3K Junior Fun Run. Both courses are a challenging & undulating multi-terrain single lap, starting and finishing in the school grounds. The courses include tarmac village lanes, loose farm track, bridleway and field. The event has been an ongoing success for over 30 years and attracts both competitive club runners and many non-club runners from across the region. It is ideal as a competitive and testing 10K route but equally suits casual and non competitive runners who wish to enjoy a challenging, rolling route in the countryside. The event is a 'not for profit' operation, organised by the Burton Leonard 10K committee. Funds raised support our village school. Your participation is much appreciated. Please enjoy our village and these exciting courses.

**10K Course** - The race is operated under a UKA licence and will be adjudicated on the day by a UKA official. The 10K course is not officially measured as it is classified as 'multi-terrain' rather than a road race. The mapping distance is approx. 10K (give or take 100m). There is a good mix of running surfaces including clean tarmac, gravel bridleway and field. The profile is undulating rather than hilly. The first 1km out is flat/downhill. There is a stream crossing (via narrow bridge) at 1km (same bridge again at 9km). There are 4 cattle grids on the route - there will be a marshal at each and the adjoining gates will be open - all runners must use the gate opening and must not attempt to cross the cattle grid. There is a short, quite steep decent at approx. 4km - take care here, if it is wet, it can be slippery and there are a few tree roots. The water station is halfway (5km) at the end of a long grassy field. After this, there's a flat 1-mile section of tarmac road - a chance for some recovery or to up your pace! After 7km you head home via field track and farm track. The final 1.5km retraces your way out. See the profile - the last km has some uphill! There are distance markers (Km's) and the final 400m/200m. Follow any instructions given by a marshal. The tarmac sections use very quiet lanes, however, there is a chance of traffic - so stay alert and use common sense. Trail shoes recommended if the ground is wet. The entire course uses public rights of way (except the school grounds), so feel free to practise the course in preparation for race day!
